Step 2

Enter **minor patient's** first name, last name and date of birth. If patient is under 18 years of age, it triggers a request for guardian info and an attestation.

Step 3

The guardian must check that they attest they are the guardian of the minor, and enter their own first name, last name and date of birth. They also enter their email, a username and a password for the account.

Lu of lik th	minate Health is available for users over the age 18. If you are a parent or guardian who would e access to your child's records, please check e box and fill out the fields below.
o i be	I am a Parent/Guardian requesting access on half of my child

Enter city	
Enter city Select \$	
Enter city Select	

Step 5

Review your data to ensure it is correct. If there is a typo click EDIT to update it. Click CONFIRM once you have confirmed that all you info is correct, and we will attempt to connect you to your lab results.

Note:

If a guardian has more than one minor with results, they must sign up for **a unique guardian account for each minor**. Guardians can use the same email address and password across all accounts, but must choose a unique username for each minor's guardian account.

*Last 4 of SSN is not required
